BOMBARDIER GLOBAL 7500

The Bombardier Global 7500 was manufactured in 2020 and is available for charter. Featuring unparalleled spaciousness in the cabin, meticulously designed with four true living spaces, including two Club Suites (one separated), Conference/Dining Suite, and a Private/Sleeping Suite, offering unmatched comfort and versatility for up to 15 passengers. The cabin stands 1.9m high, 2.5m wide, and 17.8m long, providing ample room to relax, work, or entertain. For longer journeys, the night configuration comfortably sleeps six, featuring five single beds and one king single bed. The Global 7500 is fitted with one forward lavatory and an aft lavatory, located within the generous ensuite. This aircraft redefines luxury travel with its cutting-edge features. Experience the revolutionary Nuage seats, offering a unique floating base, deep recline, and adjustable headrest for unparalleled ergonomic comfort. Breathe easier with the Pür Air system, featuring hospital-grade HEPA filters that purify and refresh the cabin air rapidly. Combined with an exceptionally low cabin altitude, you will arrive feeling rested and refreshed at your destination. This aircraft boasts an unmatched range of up to 7,700 nautical miles, capable of non-stop flights between major global cities such as Sydney to LA and Melbourne to Dubai. Its advanced Smooth Flëx Wing design ensures the industry's smoothest ride by dampening turbulence, while its exceptional short-field performance allows access to a wider range of airports. Enjoy gourmet meals prepared in the advanced galley, designed in consultation with top cabin crews, and stay connected with in-flight Wi-Fi and a state-of-the-art entertainment system, including two HD displays and immersive l'Opéra audio system. The larger windows, 80% bigger than previous models, offer breathtaking views and abundant natural light. The Global 7500 offers a truly unparalleled journey where every detail is crafted for your utmost comfort and convenience.
