CESSNA CITATION CJ3+

Our Cessna Citation CJ3+ is a high performing business jet designed for efficiency and luxury, making it a favorite among business and private travelers. The CJ3+ offers excellent range, impressive speed, and advanced cockpit technology. Introduced as an upgrade to the original CJ3, the CJ3+ provides improved features, particularly in avionics and cabin amenities, making it one of the most sought after jets for private travel. Delivering a maximum cruise speed of 417 knots (772 kmph) and a range of 2,040 nautical miles, makes it capable of carrying six adults and international luggage the length of New Zealand in complete comfort. With its ability to operate from shorter runways, the CJ3+ is very versatile, allowing access to smaller airports that are closer to final destinations. The cabin of the Citation CJ3+ is designed with passenger comfort in mind. The spacious interior offers executive seating that can swivel, track, and recline for optimal comfort. In addition to its luxurious leather seats, the CJ3+ cabin features an advanced cabin management system to control lighting, temperature, and entertainment and with its large windows that bring in ample natural light and a quiet cabin environment, the CJ3+ provides a relaxing and productive space for work or rest. All flights include an assortment of light snacks and refreshments with specific catering available on request.
